Dear Parent/Caregiver,

Our Public Health Nurse, Lee-Anne Tait, will be visiting MIS on a regular basis to promote good health within our school and wider school community.

Lee-Anne will also be running a 'drop in' school clinic on Wednesdays when she is not vaccinating. This clinic will give the pupil, yourselves and teachers the opportunity to address any concerns in relation to the pupils physical and mental health eg. head lice, school sores, skin conditions, bullying..... Also, during clinic time Lee-Anne has access to free doctor consultations for your child should this service be required.

Lee-Anne welcomes your referrals for the clinic and you can pass these into the school office. Your child is also welcome to attend the 'drop in' clinic of their own free will, or will be referred by their teacher. After the consultation Lee-Anne will telephone you or send a note home with your child outlining the visit and its outcome, along with advice to assist you in accessing appropriate services should they be required.

In order for the school 'drop in' clinic to run smoothly, please complete the form below and send it back to the school office.

Yours sincerely,

Frazer Mailman
Principal
